WAINWRIGHT, ALBERTA, WEDNESDAY, OCTOBER 11th, 1944

Price \$2.00 Per Year In Advance

Purv. Patterson Appointed Police--Fire Chief for Town

This is the official record of the proceedings of the Council of the Town of Wainwright at its regular meeting held on the third day of October, A.D. 1944, in the Council Chamber of the Town of Wainwright.

The members of Council present at this meeting were Mayor Middlemas and Councillors Robinson, Cory, Cork, Stafford, Coleman and Leggett.

The recorded proceedings of Council at their regular meeting of September 19th, 1944, were read, and on motion of Councillor Stafford were confirmed as written.

On motion of Councillor Robinson, that current taxes on Lot 27 in Block 12, Plan 6445-V, amounting to \$33.76, be ordered cancelled under The Soldiers Exemption Act.

The report of the Town Constable, for the month of September, was read and on motion of Councillor Cork that this be received and filed.

On motion of Councillor Cork, that Constable P. E. Patterson be appointed Fire Chief for the Town of Wainwright to replace Mr. Joe Donaldson who has resigned.

On motion of Councillor Stafford, that the offer of Mr. A. E. Ripley of Edgerton, to exchange his present property comprising Lots 37 and 38 in Block 8, Plan 6445-V, and be given in exchange by the Town, Lots 12 and 13 in Block 28, Plan 6445-V, be accepted by Council and a by-law ordered prepared governing this transaction. Taxes against Mr. Ripley's present property, amounting to \$68.74, to be ordered cancelled.

A letter received from the Secretary of the Wainwright Branch of the Canadian Legion conveying thanks to the Council for the grant of the Canteen Property and on motion of Councillor Stafford that this be received and filed.

On motion of Councillor Stafford, that the application of Mrs. Vera E. Mochford of Wainwright, to purchase Lot 18 in Block 24, Plan 6445-V for the sum of \$30.00 be accepted by Council pending the passing of the necessary by-law.

An application received from Mrs. Minnie Murray of Wainwright, to purchase Lot 25 in Block 2, Plan 6445-V, for the sum of \$24.00 and on motion of Councillor Stafford that this be accepted by Council pending the passing of the necessary by-law.

On motion of Councillor Stafford, that the application of Mrs. Carleen L. Huntingford of Edmonton, to purchase Lot 9 in Block 22, Plan 6445-V for the sum of \$37.50, be approved by Council pending the passing of the necessary by-law.

An application received from Mr. David Dundas of Wainwright, to purchase Lot 20 in Block 11, Plan 6445-V for the sum of \$24.00 and on motion of Councillor Stafford that this be accepted by Council pending the passing of the necessary by-law.

On motion of Councillor Cork, that the monthly statement for the month ending September 30th, 1944, be accepted as received and ordered incorporated in the minutes of this regular meeting.

On motion of Councillor Robinson, that the Report of the Finance Committee be accepted as submitted and that the Mayor and Secretary-Treasurer be authorized and instructed to

issue cheques to pay the individual accounts in the total amount of \$1517.64 as follows:—

Wain. Gas Co. Ltd.	\$ 8.53
Registrar, Land Titles Office	25.00

A. Clark & E. Bottorff	50.00
Wainwright Star	35.00
S. R. Vassart	64.00
Atlas Lumber Co.	27.90

On motion of Councillor Coleman, that assent be given to the introduction of a By-Law concerning the sale of Lot 25 in Block 2, Plan 6445-V, to Mrs. Minnie Murray of Wainwright, for the sum of \$24.00.

On motion of Councillor Cork, that By-Law Number 397, receive its first reading.

By-Law number 397 read for the first time.

On motion of Councillor Robinson, that by-law number 397, receive second reading.

By-Law number 397 received its second reading.

On motion of Councillor Cory, that By-Law Number 397, by unanimous consent, receive third and final reading and that it be assigned its title as in the original motion and that the Mayor and Secretary-Treasurer be authorized and instructed to affix their signatures thereto together with the Corporate Seal of the Town of Wainwright.

By-Law Number 397 then received third and final reading.

On motion of Councillor Coleman, that assent be given to the introduction of a by-law concerning the sale of Lot 9 in Block 22, Plan 6445-V, to Mrs. Carleen L. Huntingford of Edmonton, for the sum of \$37.50.

On motion of Councillor Stafford, that By-Law number 398, receive first reading.

By-Law number 398 was then read for the first time.

On motion of Councillor Cork, that By-Law number 398, receive second reading.

By-Law Number 398 received its second reading.

On motion of Councillor Cory, that By-Law Number 398, by unanimous consent, receive third and final reading and that it be assigned its title as in the original motion and that the Mayor and Secretary-Treasurer be authorized and instructed to sign same and affix thereto the Corporate Seal of the Town of Wainwright.

By-Law number 398 then received third and final reading.

On motion of Councillor Leggett, that assent be given to the introduction of a By-Law concerning the sale

Pm. Manning Inspects Air Command Station

An informal visit was made on Monday, October 2nd by Premier E. C. Manning to the Edmonton station of this Northwest Air Command, R.C.A.F., during which an inspection of the installations was made.

During the visit the Premier was taken to the control tower, where he took over the microphone and directed a Douglas transport in for a landing.

Mr. Manning was met on arrival by Group Captain A. V. Patriarche, A.F.C., and other command officers, and was accompanied on his inspection by Group Captain D. A. Harding, A.F.C., commanding officer of the Edmonton station, Squadron Leader E. A. Kenny, senior administration officer.

Visits were made to the recreation hall with its swimming pool and complete sports equipment, the airman's mess and kitchen equipment, the fire department and equipment stores. On arrival at the operations' room details of routine flying rescue work and emergency preparations were explained.

In the airways control office, where flight of all commercial and military planes in the area is controlled, Mr. Manning listened to messages being sent and received and heard a record of conversation between planes and the control tower.

At No. 185 squadron the Premier boarded a Douglas aircraft and was shown the controls by Group Captain Harding and discussed matters relative thereto with the officer commanding the Squadron, Flt. Lt. W. P. Ferguson.

Before leaving Mr. Manning went to the R.C.A.F. hospital where he visited all the patients and was shown the operating room and other facilities in connection with the institution.

Super-Modern Appliance At Gold Standard Ref.

The new big fractionating tower recently erected at the plant of Gold Standard Oils Ltd. refinery in town, was put into use for the first time last week end, and is now actually obtaining, or producing, or refining (or what have you) high quality gasoline and the several other grades of volatile fuels from Wainwright crude oil.

At the invitation of Superintendent Bob Mulvey, a number of local gentlemen were present to see the tower in operation, and to have the whole process of extraction lucidly explained to them. These consisted of Mayor Middlemas, Councillor Cork, Pres. L. Smith (Board of Trade), G. Conroy, L. Baxter, H. A. Koch and W. J. Huntingford, all of whom found the affair very interesting as well as instructional.

Directors of the company present for the occasion were Messrs F. G. Wainwright, C. D. Jacob and C. W. Clement, all of Edmonton.

Dr. G. W. Govier, professor of engineering from the University of Alberta, made the afternoon truly entertaining by a complete resume of the whole process "from oil-well to consumer" as he led his hearers completely through the works. (It is hoped to publish an article on this from the professor's pen in an early issue.)

The new tower, etc., with its myriad pumps, pipes, special instruments and so forth, is now being housed in against the approaching winter, and when completed will form one of the latest model plants of what a modern gasoline refinery should look like.

WEDDING BELLS

OSBERG-SPENCER

On Friday last, at the Wainwright Presbyterian church, Rev. A. D. Rich, of Wainwright United church joined in holy matrimony Capt. Gustav L. Osberg of Edmonton and Miss Edith E. Spencer of Edgerton. The happy couple later left for a short honeymoon.

ANNOUNCEMENT

Mrs. M. E. Chynoweth, of Heath, announces the engagement of her youngest daughter, Helen Irene, to Mr. Armand LaFrance, son of Mrs. A. LaFrance, of Wainwright. The wedding will take place in the United church, Wainwright, on October 26th, 1944.

Buy War Savings Certificates

BOARD OF TRADE MONTHLY MEETING

The regular monthly meeting of the Wainwright and District Board of Trade will be held at EIGHT P.M. in the Town Hall tonight (Wed.) when a full attendance is needed to deal with important business.

By Order,

Dept. of Health "T.B." Clinic Big Success

Another feather can be placed in the cap of "the folks who do things" around Wainwright for the outstanding success of the T.B. clinic which visited town last week with its mobile X-Ray outfit.

The clinic, which is visiting all centers north of Red Deer, is under the direct control of Dr. G. Davidson, of Edmonton, superintendent of the northern division, handled no less than 1,075 persons during its three-day stay in town, and Mr. L. W. Smith, president of the Board of Trade, must feel elated at the full success of his efforts in this behalf; thanks being also due to a large number of town ladies who volunteered their assistance for registrations, etc.

Mr. N. Nelson, of Calgary, was technician in charge, he being assisted by Mr. T. Kusyk, Miss B. Coughlin of Edmonton was the nurse-receptionist.

Ration Book No. 5 Distributed Next Week

From the 600 local ration boards across Canada over eleven million No. 5 ration books are to be distributed during next week. The new books containing more coupons than previous issues will cover the next twelve months' period.

By reading the advertisement in this issue it will be noted that the local board (E-22) covers the territory from Kinross to the eastern border, and distribution at the various places as shown therein will be made on Wednesday to Friday of next week between the hours of 9 a. m. and 5 p. m. The only exception to this arrangement is in the case of the Wainwright center where the Masonic Hall will be open from 1 p. m. to 5 p. m. on FOUR days (Tues., Wed., Thurs. and Fri.).

It should be plainly noted also that applicants for new books MUST apply personally on the days stated for their district, or they will have to make their application to headquarters in Edmonton AFTER November 6th next to obtain their No. 5 book. NONE will be obtainable locally after the closing of the local distributing center as shown in the advertisement. Each applicant MUST fill in the end of the "K" coupon sheet in book No. 4 and present it NOT TORN OUT with the book before receiving a new No. 5 book.

Pink covered, and containing 11 sheets of coupons, the new book reduces the size of coupons in order to meet the extended period of time. Each sheet, formerly containing 16 coupons, now is stamped off for 25 coupons. Coupons are marked to cover sugar, butter and preserves, and the remainder of the coupons lettered M, P, O, R, S are provided for possible emergency rationing.

It should be noted that butter ration coupons Nos. 80 and 81 become valid tomorrow (Thurs.) morning.

Miss Frances McCallum of the Treasury Branch has been transferred to the Olds branch and left on Saturday last.

JOE CITIZEN SAYS

Believe me, folks, inflation's not a thing for just a passing thought. The juggling of the nation's bills to save us from inflation's ill is something to be thankful for and sure has helped to win the war. The thing is though—it's not too late to rock the good old ship of state. Inflation STILL could take a hold—it will if buying's uncontrolled; and really all that we can buy and know they're not in short supply are bonds, and it's just common-sense to buy them in our own defence. It can't be called a sacrifice—that bonds pay well there's none denies.

They draw a very nice per cent on money waiting to be spent when, Victory and Peace both won, some carefree spending can be done.

Food For Thought: Our Victory Loan

I am a Canadian, yes, a Canadian, born right here in the Province of Alberta. But, the roots of my ancestry reach far beyond Canada's shore; reach right into the heart of war-torn Europe.

I, therefore have a double stake in this war: to help preserve the freedom of life that my forefathers were so heroically offered when they came to Canada; and to do all possible to free my relatives caught in the trap of cruel Nazism in Central Europe.

When I was a small boy, my grandfather used to tell me tales of hardship, tyranny, famine, disease and desperation that prevailed in Central Europe a couple of generations ago. He told me why he came to Canada. He wanted freedom of speech. He found it. He wanted to worship in his own simple way, in his own tongue. He found this too. He wanted to be able to own a piece of land—be it large or small—but a piece of land he could proudly call his own. This he got. He wanted to raise a family—a happy family, free from fear, free from fear. This he did. That's where I come in.

We are now in the sixth year of war. This past year has been a happy contrast to the first four. Many of my relatives of Central Europe are now free. Many other Europeans are free too. Why? Because the underground populations of France, Holland, Poland, Czechoslovakia suffered unbelieveably, but refused to surrender freedom. Because the brave people of England refused to give up at the blackest hour—because the Russians on the home front faced fearful odds to see their armies repulse the Nazi thrust at Leningrad—Odessa.

How does my sacrifice stack up against theirs—against the sacrifices of those right around me, who have lost sons, husbands, fathers? Very small indeed—Oh yes, I've invested in Victory Bonds every time—have a fair stack of War Savings Certificates—have been rejected after volunteering for military service—support all war fund drives—have refrained from hoarding war materials. I feel that I've done my share—the war is nearly over. Have enough savings to keep me going for a while BUT? suddenly I think—IS THE WAR NEARLY OVER?

At the gates of Stalingrad, Hitler thought Russia was his—then England, then Canada and the United States!

On the shores of Dunkirk, Hitler thought England was within his greedy grasp.

The tide turned at the right moment—thanks to the stick-to-it-iveness of the Russians, the British.

We can't afford to think now that the war is won. After Europe what about Japan?

After Japan, what about the Peace to Come—the permanent settling of the "War to end all wars". There's much yet to be done if I am to continue enjoying the four freedoms that my forefathers found for me in this Canada of ours—the four freedoms that the British constitution so generously offered Canada's adopted children—the four freedoms I continue to enjoy even today in the sixth year of a world conflict.

Yes, there's still much to be done—and WE CAN HELP—especially we, who have the British constitution to thank for being here. Let's keep this in mind, when the VICTORY LOAN SALESMAN CALLS.

(Signed) TOM SHANDRO, Edmonton

CARD OF THANKS

The Board of Trade wishes to publicly thank the following ladies, whose assistance added materially to the successful operation of the Chest X-Ray Clinic held in Wainwright last week. Mesdames McLeod, Conroy, Harley, Ganderton, Mitchell, Wallace, Snyder, Tory, Stuart, Baxter, Washburn, Davidson, Greer, King Patterson and Hartling.

Appreciation is also expressed to the Calgary Power Co. Ltd., for connecting and providing the necessary electric power free of charge.

L. W. SMITH, president

ANNOUNCEMENT

Mr. and Mrs. E. L. Cork announce the engagement of their daughter Eleanor Georgina to F/O Russell Thomas Mack, son of Mr. and Mrs. Grover Mack, of 179, Pope Ave., Toronto. The wedding will take place at Windsor, Ont., on October 16th.

Record Number At Blood Donor Clinic

The Executive of the local Branch of the Canadian Red Cross are justly proud of the recent successful Blood Donor Clinic, held under the capable direction of Miss Eileen Huggill of Edmonton. During the four days 382 donations were received and started on their life-saving mission.

In addition to the blood donations, the local Branch have just donated a cheque for five hundred dollars to the Mobile Blood Donor Clinic, and a five dollar private donation was also forwarded. The five hundred dollars was part of the amount raised in the Red Cross Booth, and all who so generously gave of their time to that project will know that they now have a special interest in the work of the Mobile Clinic.

With the kind permission of Colonel Brown, Asst. Director of Medical Services, we had splendid co-operation from the Military Camp, and we take this opportunity of thanking Major Benaron, O.C. Military Camp Hospital for his efficient organization of their service to the Clinic. The gratifying success of the Clinic owed much to the active co-operation received from the Military Camp.

The weather-man was very kind on Thursday when the donors from Irma Fabyan, Greenshields, Heath and Edgerton came in great numbers to "do their bit", and we thank the secretaries who did the preliminary organizing of these groups.

The Clinic was held in the Town Hall, the use of which was kindly donated by the Town Council. Refreshments, carried from the Hostess House by teen-age helpers, were served to all who attended the Clinic, breakfast being of necessity scant for those who are making a blood donation. The use of the Hostess House was granted by the Canadian Legion, and all linen used at the Clinic was loaned by the Wainwright Hotel.

All service rendered during this Clinic, with the exception of the supervisor, Miss Huggill, was voluntary. In addition to our Executive and Red Cross workers we had valuable assistance from our local physicians, and doctors from the Military Hospital; from Military Hospital nurses; and from many ex-nurses living in town. Two orderlies from the Camp Hospital were on duty each day, and one enjoyed the work so much that he used a 96-hour leave to join the Mobile Clinic at Hardisty to assist again the following week.

Farewell Party For Pres. Church Members

A very enjoyable evening was spent on Saturday last, when the members of St. Andrew's (Pres.) church met in the social room to honor the Brunker family who left town last week end.

Following games, and a friendly sing-song, lunch was served to all present, after which Mr. C. Oacroft, on behalf of the congregation made presentations of useful gifts to Mrs. W. Brunker, Mrs. Simmons (her mother) and Glenna (her daughter).

In responding, Mrs. Brunker made a few fitting remarks concerning her long association with the church and its many organizations. The best wishes of all were heartily extended to the honored guests, and hopes of a long and happy life in their new home.

The honor of being the first to register as a donor went to Bruce King of the Provost Corps, who received his bronze button for his third donation. Several from the Military Camp also received bronze buttons, so that the supply was exhausted and two were to be sent later from Edmonton. Two silver buttons were presented for sixth donations, and one officer from the Camp made his seventh donation. From one family in the district five presented themselves as donors—a proud record! We regret our inability to take all who offered themselves as donors, owing to lack of enough equipment for storing more blood. These generous people will have another chance next Spring to make their donation, and we shall be glad to enroll them at that time.

Congratulations have been received regarding the efficiency and despatch with which the unusually high number of donors were handled, and our warm thanks go out to all who contributed to the success of the Clinic, by giving blood, by serving in any capacity during or before the clinic, by driving donors to the clinic, by lending equipment, or in any other way helping to make it such a splendid example of what co-operation can do in the interest of a worth while cause.

Once more, thanks to each one who in any way assisted in making Wainwright and District's first "Blood Donor Clinic" something of which we are proud. The Mobile Blood Donor Clinic will visit us again in the Spring and we ask of you the same interest and whole-hearted co-operation which you have demonstrated on this occasion.—H.M.W.

Seasonal Cut In Car License Fees

First reduction in the annual motor car license fees for the present license year became effective on Oct. 1, according to provincial government authorities who have advised the Alberta Motor Association.

On the date given, the annual motor license fees were lowered by 40 percent. It is expected that the number of car owners who have been waiting for the reduction will be larger than customary at this time of year, in view of the steady trend toward increased registrations.

On Jan. 1, next, the annual license fee will be reduced by 75 percent, for those who wish to take out licenses to operate their cars in the last three months of the current license year which ends on March 31.

More than 90,000 car licenses have been issued this year by the provincial secretary's department and it appears that the total of 92,000 for the previous year will be exceeded.

ANNOUNCEMENT

Mr. and Mrs. A. Plater, of Greenshields, announce the engagement of their eldest daughter, Echo Marcella, to Mr. Douglas Kilburn Roach, only son of Mr. and Mrs. W. H. Roach, of Edgerton. The marriage will take place in the United church, Wainwright on October 20th.

Hints for the Household

WHAT'S COOKING FROM YOUR VEGETABLE GARDEN?

You grew them. But how do you serve them? There's an art to growing vegetables and an art to cooking them.

Rules for Cooking Vegetables

Here are some rules that will help preserve color, form, flavor, vitamin and mineral content in cooking and serving vegetables. But first, remember to serve salads of uncooked vegetables frequently.

Parse very thin or not at all; prepare just before cooking or serving; do not soak in water; cook quickly, if boiled or steamed; use as little water as possible; salt water slightly; do not use soda, it changes flavor; cook only until tender; do not overcook. Serve boiled or steamed vegetables with melted butter or margarine, cream sauce, cheese sauce or lemon juice.

Lemon Juice for Flavor

Lemon juice deserves special mention here. Easy to add—just cut halves or quarters and squeeze—it often makes all the difference when you are serving vegetables either uncooked in a salad with a lemon dressing or cooked with a lemon garnish.

Indeed a plate of lemon quarters may very well take its place on the table along with the salt and pepper shakers whenever vegetables are to be served. Experiment a bit. See what lemon juice does for different vegetables. This simple-to-add flavor will help to popularize these important foods with the members of your family and should be popular with you, too, since it is the quickest way to "dress" your vegetables.

Note, too, that the lemon juice adds vitamin C to uncooked salad vegetables and restores some of this vitamin to cooked vegetables, which may have had their vitamin C soaked out in the cooking water.

Lemon Buttered Vegetables

Why not serve a vegetable plate frequently, choosing some of the vegetables given below. Flavor these with the lemon butter for which recipe is given. With an egg or a serving of cheese, a bread and a beverage you have a balanced dinner.

2 tablespoons lemon juice
1/2 cup melted butter or margarine
Blend and serve over any one of the following cooked vegetables: asparagus, lima beans, string beans, beets, carrots, celery, Brussels sprouts, broccoli, cabbage, cauliflower, spinach and other greens, summer or winter squash. For new potatoes brown butter and add equal amounts of lemon juice and chopped parsley.

CARE FOR FACE AND SKIN

Face and skin care are important to the worker. Wash thoroughly and frequently, using water and a good soap.

A lemon rind after the face is washed, removes every trace of alkaline residue of soap and leaves the skin in its normal state, which is slightly acid. For this squeeze the juice of half a lemon into a bowl of cold water and rinse the face.

Lemon juice is also helpful in bleaching out freckles and for sunburn for the outdoor worker.

ORANGE JUICE SPECIALS

For special refreshments—easy to prepare and always popular—top a large glass of chilled orange juice with one of the following:

A spoonful of mixed fruit pieces, such as—bits of orange, diced bananas, apples, seeded grapes, peaches, berries.

A spoonful of vanilla ice cream.

A spoonful of fruit or mint sherbet.

Orange Sparkle

To put pep back into weary hours, treat yourself to this refreshing beverage blend.

2/3 glass chilled orange juice
1/3 glass chilled ginger ale or carbonated water

Orange Lemon Ade

For a tall, cool one, combine:

Juice of 1/2 lemon
Juice of 1 small orange
Sugar or honey to taste
Water and ice to fill a tall glass

Tartare Sauce—To Serve with Fish

Many people like tartare sauce with fish. This is another chef's accompaniment for fish, but one that you can easily prepare. Combine:

1 cup mayonnaise
1/2 teaspoon onion juice or 1 tablespoon chopped green onions or chopped chives
2 tablespoons chopped sweet pickles or green relish

Lemon Juice

Blend well, thinning to desired consistency with lemon juice. Serve in a dish and pass like mayonnaise. Serves 6 to 8.

The secret of a good tartare sauce is the flavor of the onion and the fresh flavor contributed by the lemon juice. A boat made of halved lemon shell is an attractive individual service for this sauce.

STRETCHING THE PLUM

All fruit is precious these days. One hesitates to open canned treasures and we are always in need of ways to use fresh fruits that are in abundance.

Here's a way to stretch your plums that works with either fresh or canned fruit. Turn them into a "serve warm" cake that will take care of far more helpings than your fruit alone. Here's the recipe:

Plum Cake

1 cup sifted flour
1 1/2 teaspoons double-acting baking powder
1/2 teaspoon salt
3 tablespoons sugar
4 tablespoons butter or other shortening
1 egg, well beaten
6 tablespoons top milk

1/3 cup Grape-Nuts

1 No. 2 1/2 can red plums (18 plums) or cooked fresh plums
3 1/2 tablespoons sugar
1/2 teaspoon cinnamon

Sift flour once, measure, add baking powder, salt, and sugar, and stir again. Cut in shortening. Combine egg and milk and add to flour mixture, beating only enough to dampen all flour. Add cereal and mix carefully. Turn into greased 8x8x2-inch pan spreading dough evenly.

Drain plums; cut in halves and remove pits. Place, cut-side down, on absorbent paper to drain thoroughly. Arrange plums, skin-side up, in rows on top of dough. Sprinkle with mixture of sugar and cinnamon. Bake in moderate oven (375°F.) 35 minutes, or until done. Serve warm.

Note: Canned apricots or soaked dried apricots may be substituted for plums in this recipe. Place apricots, skin-side down, on dough.

Here are two recipes, try them in your home and see how satisfactorily they take care of some of your problems.

Egg Rennet-Custard

1 rennet tablet
1 tablespoon cold water
2 cups milk, not canned
3 tablespoons sugar
2 egg yolks
1 teaspoon vanilla
Small pinch salt

Set out 4 or 5 individual dessert glasses. Dissolve rennet tablet by crushing in cold water in a cup. Add sugar, vanilla, salt and slightly beaten egg yolks to milk and warm slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM (110°F.) not hot, remove at once from heat. Add dissolved rennet tablet and stir quickly for a few seconds only. Pour at once, while still liquid, into individual dessert glasses. Do not move until firm—about 10 minutes. Chill.

Maraschino Cherry, Rennet-Custard

1 rennet tablet
2 tablespoons cherry juice
2 cups milk, not canned
3 tablespoons sugar
1 teaspoon almond flavoring
10 maraschino cherries (chopped)

Divide maraschino cherries among 4 or 5 individual dessert glasses. Dissolve rennet tablet by crushing in cherry juice. Warm milk, sugar and almond flavoring slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM (110°F.) not hot, remove at once from heat. Add dissolved rennet tablet and stir quickly for a few seconds only. Pour at once while still liquid, over chopped cherries. Do not move until firm—about 10 minutes. Chill.

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

Montreal—Dr. Adolard Groulx, director of the Montreal health department, has announced that about 2,000 children reported to local clinics during National Immunization Week sponsored throughout the Dominion by the Health League of Canada.

Civic statistics revealed that during 1943, diphtheria claimed 27 child victims in Montreal while 14 died from whooping cough. National Immunization Week was aimed at prevention, through immunization, of the spread of diphtheria, whooping cough and smallpox.

Toronto—Success of National Immunization Week, sponsored by the Health League of Canada Sept. 10-16 served to draw attention to an address by Dr. Roger G. Knipe of Prince Rupert, B.C., at that province's annual institute for public health workers at Victoria last Spring.

The address was published by the Canadian Journal of Public Health and in it Dr. Knipe, director of the Prince Rupert Health Unit, told how a dangerous situation in the Prince Rupert area in regard to diphtheria was checked through the agency of an active anti-diphtheria campaign.

The situation was brought about by influx of workers to the area to take part in a vastly expanded war effort. Diphtheria was unknown in the area in the years immediately preceding the war.

Through 1941-43 the incidence of diphtheria in the area hit a high mark with the peak in 1942 when 47 civilian cases representing 78 per cent of the British Columbia total.

This situation was checked through an intensive immunization program carried out in the area's widely scattered school population and the inauguration of Schick-test clinics for older age groups.

The campaign served to show the value of immunization and use of the Schick-test followed by use of toxoid. It also served to show that diphtheria is no longer largely a children's disease.

Our men have fought and bled to make a new world possible. Who of us are going to sacrifice and sweat to make it actual?

It's no use for the nations to lay down their arms if they sit down at the peace table armed with steely hearts and mental torpedo tubes.

Brains may be a handicap in life—you can think of so many reasons why you shouldn't do the thing you know you should.

The returning soldier wants a hand in building a world that works—not a handout from one that doesn't.

CANADA'S VETERANS Their Post-War Opportunities

The second in a series of advertisements to inform the people of Canada of plans to re-establish men and women of the armed forces. To get full details, save and read every advertisement.

For complete information, write for the booklet, "Back to Civil Life."

The War Service Gratuity and Re-establishment Credit—OTHER ASSISTANCE AFTER DISCHARGE

The Canadian re-establishment program gives discharged members of the services assistance under a wide variety of measures during the period when they are deciding their future as civilians.

THE WAR SERVICE GRATUITY

This became law at the last session of Parliament, and provides, after discharge, monthly payments to those honorably discharged, who enlisted for service anywhere, and to those who saw service in the Aleutian Islands, for their period of service there. It provides a basic gratuity of \$7.50 for each 30 days' service in the Western Hemisphere and \$15.00 for each 30 days' service overseas. A supplementary gratuity of seven days' pay and allowances, with Canadian subsistence allowance, is paid for each six months' overseas service. Service in Greenland, Iceland, the Aleutian Islands and any other theatre of war is overseas service. Other places in the Western Hemisphere are not. Aircrew, flying outside the Canadian waters, or stationed outside Canada or the United States, and Naval personnel in sea-going ships of war are regarded as overseas service.

Monthly payments not exceeding monthly pay and allowances last received will start after January 1, 1945, unless the Act is proclaimed earlier.

RE-ESTABLISHMENT CREDIT

A re-establishment credit, equal to the basic gratuity shown above, and not including the supplementary one is available in the 10 years following discharge for constructive purposes such as purchase of a home, business, furniture or tools, or payment of premiums under Government life insurance. It can also be used for modernizing or repairing a home, for working capital of a business and other similar purposes. The re-establishment credit is reduced by any grants paid while training or continuing education, or by grants paid under the Veterans' Land Act. Training, education and Veterans' Land Act grants cannot be paid if the re-establishment credit is used, unless an adjustment is made.

AT DISCHARGE

At discharge every man and woman is advised of the re-establishment program, is given a complete medical and dental examination, and may receive free treatment for any condition shown by the examination, in the year following discharge. They are allowed to retain one uniform and certain other service clothing. All discharged since August 1, 1944, receive a \$100 civilian clothing allowance and if they have 183 days' service and receive an honorable discharge, a rehabilitation grant of 30 days' pay and one month's dependents allowance. They also receive a railway warrant to their home or place of enlistment.

AFTER DISCHARGE

Service personnel seeking employment apply through Employment and Selective Service, but in many offices they will find Veterans' Welfare Officers and other specially trained staff ready to assist them. Veterans who wish to return to their former civilian positions are entitled to reinstatement in that position, if the job still exists, if they are capable of filling it, and if application is made within three months of discharge. Under the law of Canada every ex-service man or woman with overseas service, or disability pensioners, receive preference in Civil Service appointments if qualified for the position for which they apply.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ADVISE AND ASSIST EX-SERVICE PERSONNEL AND SHOULD BE CONSULTED ON ALL PROBLEMS.

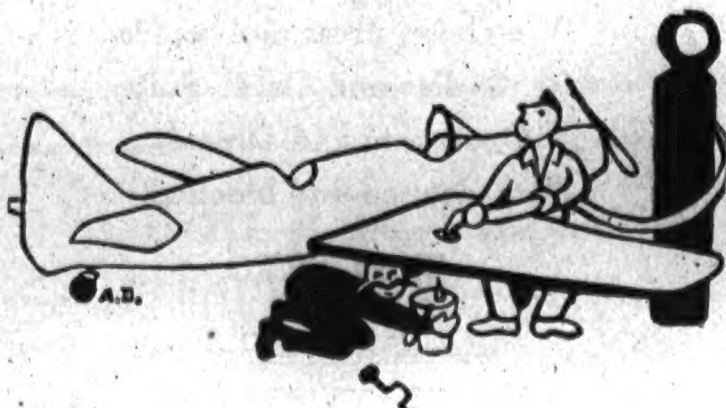

Issued under the authority of Hon. Ian A. Mackenzie, Minister of PENSIONS AND NATIONAL HEALTH

More Gas for us means less for war

Trans-Canada Air Lines

OTTAWA—The report of H. J. Symington, President of Trans-Canada Air Lines, covering the 1943 operations of the air service, tabled in the House of Commons today, showed a large increase in traffic carried and in operating revenues.

In 1943 the number of passengers increased by 34%, air express volume by 126% and air mail volume by 61% as compared with the preceding year. Trans-Canada Air Lines carried 200,000,000 air mail letters in 1943, apart from the trans-Atlantic mail service which it operates for the Canadian Government to expedite the delivery of mail to and from the armed forces in the European theatre of war.

Operating revenues were \$9,379,501 an increase of \$2,042,183 over 1942. Passenger receipts were \$4,213,599, an increase of \$1,148,146; express revenues were \$330,084, an increase of \$157,064; excess baggage revenues were \$60,079, an increase of \$30,618; revenues from incidental services were \$1,259,931, an increase of \$409,468; mail revenues were \$3,515,907, an increase of \$303,885. The rate of compensation received by the company under its contract for the carriage of air mail was lower in 1943 than in any previous year, being 42.90 cents per plane mile flown in approved mail services, as compared with 45.57 cents per plane mile in 1942, 48.16 cents in 1941 and 60 cents in 1940. "Payments to the company for the carriage of mail is based," states the report, "on plane miles flown and not on the poundage carried, and an increase of 61% in the volume of air mail in 1943 brought to the company an increase of only 9% in mail revenue. It did, however, result in a substantial growth in the revenue of the Post Office Department."

"Operating expenses totalled \$8,974,902 an increase of \$2,346,503 or 35% over the preceding year, reflecting the cost of handling an over-all increase in the volume of traffic, extension of routes and services. After the payment of interest on the company's capital and other income charges the surplus for 1943 was \$147,889.

Commenting upon the present and future operations of Trans-Canada Air Lines, President Symington in his report says: "In 1943 the main

tasks of T.C.A. were the improvement and intensification of its Canadian and Newfoundland services, the carrying out of a heavy programme of military aircraft overhaul, and the development for the Canadian Government of a trans-Atlantic air service.

"The company plans to provide extended services in the Maritime Provinces, including a new service via Saint John, N.E., to Halifax and Sydney, as soon as the necessary ground and communications facilities are made available. Also awaiting the installation of ground and other facilities are made available. Also awaiting the installation of ground and other facilities is a through service from Winnipeg to Edmonton via Saskatoon, providing not only a short route between those cities but also to the Yukon and Alaska. These extensions to existing main line routes were authorized by Orders in Council of August 6, 1943.

"In July the Government's wartime trans-Atlantic service was inaugurated, with flight crews and maintenance personnel supplied by T.C.A. In this service converted Lancaster aircraft owned by the Government carry heavy loads of mail to and from the forces overseas, and other cargo of importance to the war effort as well as passengers on urgent war business.

"Trans-Canada Air Lines, as the sole Canadian agency designated by the Government to operate international air services, awaits with interest the results of conferences between governments on matters affecting world air policy and the completion of international agreements with regard to these services. Trans-Canada on its part is carrying on intensive research into such matters as routes and potential traffic, and is studying developments in aircraft and other equipment, communications and aids to navigation. In co-operation with the Department of Trade and Commerce and other departments of the Dominion Government it has been studying fields in which Canada would expect to participate and has already surveyed routes to the West Indies and South America.

"The Act of Parliament creating Trans-Canada Air Lines as the national air service was passed in 1937," continued the report, "and in its six years of operation the air line has proved itself to be a dependable and valuable public servant. Handicapped as it has been, and still is, by the demands of war on personnel and equipment, it has endeavoured to maintain the highest standards of an essential industry and to lay a sound foundation for Canada's future aviation."

T.C.A. (exclusive of the trans-Atlantic operation), in 1943 provided service—air mail, passenger and express—over routes totalling 4,903 miles between the Atlantic and the Pacific, an increase in route mileage of 46 miles as compared with 1942, the increase being due to the extension of the transcontinental route to the Vancouver Island terminal at Patricia Bay to give direct service to Victoria and other Island communities, including the military establishments in the area. Reporting on

this extension Mr. Symington says, "Due to the decision of the Board of Transport Commissioners for Canada forbidding the company to carry local passenger and express traffic between Vancouver and Victoria, the aircraft, on twice daily round-flights have been operating between those cities far below capacity, with resultant financial disadvantage. The operation has, however, brought about a marked improvement in the air mail service of the Dominion, and provided accelerated movement for through passengers and express between mainland points (east of Vancouver Island)."

Dealing with the Atlantic service which is confined to mail to and from Canadian forces overseas, important cargo and official passengers designated by the Department of Transport and the office of the Canadian High Commissioner in the United Kingdom the report says: "Service was provided by Trans-Canada Air Lines with a single Lancaster aircraft modified for transport duty. Additional added to the service as quickly as possible. The conversion in our shops of bomber-type aircraft to the work of carrying heavy transport loads calls for the highest qualities of part of our personnel. The company maintains an organization in the United Kingdom terminal in connection with the trans-Atlantic service. The direct route flown is approximately 3,000 miles. Intermediate stops are sometimes made. A new non-stop west-east Atlantic record between Montreal and Great Britain was established when a flight was made in 11 hours and 14 minutes. Loads grow increasingly heavy, with mail weights at times exceeding 7,000 pounds per aircraft."

The proportion of women employees increased to 35% from 30% during the year. "Women are efficiently performing many and varied duties in the organization," says the report. "Taking the places of men now in the armed forces, T.C.A. has gone further in this respect than other air lines. The loss of experienced male personnel continues, however, to be serious. An understanding has been reached with the R.C.A.F. as a result of which a supply of Air Force personnel will be made available to the company. The new personnel will be selected from among those who have completed operational duties. This marks the beginning of a policy of rehabilitation of returned airmen."

Work performed by T.C.A. on the overhaul of military aircraft, engines, propellers, instruments and accessories was substantially increased during the year. Company station facilities throughout Canada were placed at the disposal of military aircraft. Nearly 300 T.C.A. employees were engaged in the conversion servicing and maintenance of the Liberator aircraft used in the return ferry service of the British Overseas Airways Corporation.

The report pays tribute on behalf of the board of directors to 215 men and 12 women who enlisted in the armed forces, and states that some of these members of the staff have sacrificed their lives and others have been decorated for gallantry.

Do You know

Morals are the backbone of the nation. Are we suffering from curvature of the spine?

The war to save the world from Hitler may soon be ending, but the war to save civilization has just begun.

Don't take sides. Take responsibility.

READY TO TELL

Claire Wallace, and her surprising information about people and events, provide the touchstone of the new "They Tell Me" program, which returns to the Trans-Canada Network of the CBC, Wednesday, October 4, at 12:45 p.m. CDT. The program will be heard thrice-weekly, on Mondays, Wednesdays, and Fridays.

FARMERS!
WILL
YOU HELP
THIS WINTER?

If you are not required on the farm this winter you should take other work.

Extra winter workers are needed for woods operations—logging and pulpwood and fuel cutting—base metal mines, coal mines, meat packing and cold storage, grain handling, railway track maintenance, iron foundries and other high priority occupations, varying with the area.

Please offer your services to:

The nearest Employment and Selective Service Office; or

The nearest Provincial Agricultural Representative; or

Your Local Farm Production Committee.

A good response to this appeal is important to Canada's welfare—please act immediately.

Postponement of Military Training continues while in approved essential work off the farm.

WAINWRIGHT, WEDNESDAY, OCTOBER 11th, 1944

REGISTER NOW, VOTE LATER

During recent civic elections in Wainwright many persons have found that their names had not been placed on the voters' list, and as a result, they had been unable to vote just at a time when they particularly desired to exercise their franchise, for one reason or another. Town officials have come in for a great deal of unwarranted criticism over the matter, the claim being made by some, that the officials had been delinquent in their duty in that the names of all persons residing in the town had not been placed on the voters' list.

The Town and Village Act removes the causes of all dispute in the matter of who is entitled to have his name placed on the voters' list, and if the act is read by those affected, no room is left for criticism of Town officials. A perusal of the Act will show that only property owners are automatically placed on the voters' list, and that all other persons desiring to have their names placed on the list must appear at the Town Office and fill out a form printed for the special purpose of registering all intending voters other than property owners.

Naturally, all those making application to have their names listed must be of the full age of 21; they must have resided in the town for the past year and there are certain other qualifications, but the law covering registrations is a democratic one, and it will be found that the great majority of Wainwright residents are qualified to vote in Town and School Board elections.

In the past, the great majority of those who have not been allowed to vote at town elections have simply neglected to register, expecting that the Town Secretary would place their names on the list. The Town Secretary, however, is not allowed to place names on the list at random, and all those who desire to have their names on the list must accept this matter as one of individual responsibility by registering during the month of October with the Town Secretary, at his office in the Town Hall, during office hours.

PARENTS, WHERE ARE YOUR LITTLE CHILDREN?

Records compiled by the Dominion Fire Commissioner show that 35 small children met their death by fire in 1943 in Canada when left alone in their homes. Eight others died as the result of playing with matches, altogether, 149 children perished by fire last year in Canada.

These tragedies are reported day after day in our daily papers, but beyond those immediately effected they do not seem to make much impression on the general public. Parents still insist on going out of their homes and leaving helpless little infants to fall prey to flames from overheated stoves and pipes. Others will leave children of two or three years of age alone, with matches within easy reach of their inquisitive little hands. Many parents say they would never get out to a movie or for other relaxation if they had to depend on getting someone in to look after their children these days. Wartime conditions have made this safeguard a very difficult one, they contend. What a price many have had to pay for a few hours of borrowed pleasure! Hearts that will remain saddened for a lifetime because of their neglect! Parents, if you truly love your children and if you assume your full responsibility in regard to their welfare, you will not leave your small helpless children alone in your homes to become the victims of the fire demon. Always make sure that there is some responsible and competent person left in charge of them or take them with you. Educate your children in the dangers of playing with matches or bonfires. Keep mat-

ches well out of their reach. Children can be taught fire prevention principles with very little effort. Therefore, lose no opportunity to safeguard your children against the ravages of fire.

IT'S TIME TO WAKE UP!

Pretty horrifying are those fires which make the headlines in the daily papers or cut-in on radio programs—but are they horrifying enough to jolt us out of our smug complacency? Apparently not, so long as any number of people still are inclined to accept devastating fires as inevitable, think of them as "acts of God", losing sight altogether of the fact that the great majority of fires actually are made by man, whether indirectly or directly.

More than one hundred and fifty lives were snuffed out in one recent holocaust—and many of those who died were pitifully young, much too young to be sacrificed because of what now appears to have been an indispensable and inexcusable use of inflammable materials. And, in another headline-making fire, those who died were trapped in a building admittedly unsuitable for the gala gathering at which this tragedy occurred. To blame such a fire solely on a pyromaniac really is both cowardly and stupid because that shifts responsibility from the owners of the building, and also from the municipal authorities charged with checking safety precautions in all places rented for entertainment purposes.

All in all, it's time for every Canadian to wake up to the senseless waste of life and property which fires entail, to the vital importance of fighting fires before they start. A vigorous campaign against fire should be begun right in our homes by a periodic check-up on stoves and furnaces, wiring, electric cords, outlets and equipment, and on gas pipes and appliances, as these ordinarily are danger zones.

Nor should we stop in our campaigning until we have seen to it that all our public congregating places are safeguarded as far as humanly possible against fire. And, if we discover that our elected representatives are remiss in passing or enforcing laws to protect life and property, let us not hesitate to use the ballot—to which we have free recourse!

CONTINUATION OF TOWN COUNCIL

(Continued from page 1)

of Lot 20 in Block 11, Plan 6445-V, to David Dundas of Wainwright, for the sum of \$24.00.

On motion of Councillor Coleman, that By-Law Number 399, receive its first reading.

By-Law Number 399 was then read for the first time.

On motion of Councillor Stafford, that By-Law Number 399, receive its second reading.

By-Law Number 399 read for the second time.

On motion of Councillor Cork, that by unanimous consent, By-Law Number 399, receive third and final reading and that it be assigned its title as in the original motion and that the Mayor and Secretary-Treasurer be authorized and instructed to sign same and affix thereto the Corporate Seal of the Town of Wainwright.

By-Law Number 399, read for the third and final time.

On motion of Councillor Cork, that assent be given to the introduction of a By-Law concerning the sale of Lot 18 in Block 24, Plan 6445-V, to Mrs. Vera E. Mockford of Wainwright, for the sum of \$30.00.

On motion of Councillor Torry, that By-Law Number 400, be read for the first time.

By-Law Number 400 received its first reading.

On motion of Councillor Robinson, that By-Law Number 400, receive second reading.

By-Law Number 400 read for the second time.

On motion of Councillor Leggett, that By-Law Number 400, by unanimous consent, receive third and final reading and that it be assigned its title as in the original motion and that the Mayor and Secretary-Treasurer be authorized and instructed to sign same and attach thereto the Corporate Seal of the Town of Wainwright.

By-Law Number 400 then received third and final reading.

On motion of Councillor Cork, that Secretary-Treasurer be instructed to arrange for the transfer of Alberta Government Telephone Connection Number 8, to Constable P. E. Patterson's residence.

On motion of Councillor Robinson, that H. Renville be employed as utility man and day policeman at a salary of \$125.00 per month and that P. E. Patterson take over the night police work at \$179.42 per month.

On motion of Councillor Stafford, that the application of Mr. J. Toth to purchase Lots 19, 43, 45 and 44 in Block 8, Plan 6978-AA, for the sum of \$5.00 per lot, be accepted, pending the passing of the necessary by-law. Motion Lost.

On motion of Councillor Robinson, that Councillor Leggett be appointed Deputy Mayor for the ensuing three months.

On motion Council was regularly adjourned.

Robert Fair, M.P. Battle River Candidate

Local committee to assist campaign
 Robert Fair, M.P., has been re-nominated Special Credit candidate to contest the Federal constituency of Battle River in the next Dominion election. Mr. Fair was declared the unanimous choice of a nominating convention held at Wainwright on August 5th last.

A farmer in the Paradise Valley district for over 25 years, Mr. Fair was first elected member of Parliament in 1935, and was re-elected in 1940. During his nine years as a member of the House, Mr. Fair has devoted a great deal of his time to advocating legislation which will improve conditions for Canadian agriculture. Also claiming much of Mr. Fair's attention has been the problem of soldier settlers.

"Delegates at the nominating convention expressed their confidence in Mr. Fair and dealt with organization for the forthcoming Federal campaign. A local campaign committee was elected, headed by Mr. J.A. Smith of Kitscoty.

Other members of the committee are: Mr. E. J. Russell, Chauvin; Mr. A. O. Aalborg, Rivercourse; Mr. M. Moncrieff, Paradise Valley; Mr. Wm. Wilkinson, Kitscoty; Mrs. C. E. Fenton, Irma; Mr. E. Beckman, Czar; Mr. C. F. Ewing, Mannville; and Mr. P. Pliska, Derwent.

11-10 Wainwright

Work of the campaign committee was launched at a meeting in Wainwright on Friday, September 22. Mr. Fair, Mr. Wm. Masson M.L.A. for Wainwright; Mr. W. R. Cornish M.L.A. for Vermilion; and Mr. S. A. Berg M.L.A. for Alexandra attended at the invitation of the committee. Plans drafted at the meeting call for the collection of a substantial campaign fund and the appointment of fifty organizers in community centres throughout the riding. The sponsoring of radio broadcasts by Mr. Fair (and speakers on behalf of Mr. Fair) will be undertaken.

Also considered were arrangements being made to hold a public meeting at Lloydminster with the Hon. Solon E. Low, Dominion Social Credit leader as main speaker.

EDGERTON

165th Victory Wheel draw was won by Dick Stratton with No. 16.

A postcard was received from Pte. M. Fraser saying that he had received a package of cigarettes from the Cigarette Fund.

John Harrison is taking over the draying and express agency from George Hallett.

Mr. J. Primrose and Mr. J. A. Richards of the inspection staff of the Bank of Montreal have been carrying out the annual inspection at the bank here.

Mrs. R. C. Reed was a city visitor last week.

Corporal Roy Evans was here for a few days. We are sorry to hear his mother who is visiting in Calgary is in hospital there.

Miss Joan Carter from Virginia is visiting her aunt and uncle Mr. and Mrs. Geo. Phillips.

Norman Miles is having another garage built to accommodate his other trucks.

Mr. Fred Roberts has been staying at the hotel and getting in a few days hunting.

Mrs. H. R. Brown left Thursday for the city.

Mr. William Saunders was a visitor at the home of Mr. and Mrs. R. C. Reed.

Messrs French and Richardson both of the C.P.R. inspection department were in town last week.

FIRE PREVENTION: Now is the time to check over all heating arrangements. Thin and worn stovepipes should be replaced and all accumulation of waste paper and other rubbish cleared away from the furnace. These are the easiest ways to prevent accidental fires. Owners of fire extinguishers are requested to see whether they have been recharged within one year. If they have not you are advised to have them done at once. The Village Council will pay for this to be done if owners will take them to the Fire Marshall, Geoff Miles who will take care of this service.

Mr. T. Roberts was a visitor at the home of his daughter May in Tofield.

Mr. and Mrs. J. F. Gilmour and Jim left Saturday for the city.

Mr. and Mrs. Don Pawsey from Wainwright were visitors with their daughter Mrs. Nell Wheeler.

Capt. L. A. Bralant from Wainwright held Thanksgiving service Holy Communion at St. Mary's Church last Sunday. The church was tastefully decorated but the congregation was not as large as hoped for.

GREENSHIELDS

Rev. Mr. Richard preached the Thanksgiving day sermon in the school on Sunday with Mrs. Richard acting as organist.

Mrs. Knibbs of Jasper is visiting her parents Mr. and Mrs. Thom. Mc Dougall.

Pte. Gordon James is spending a furlough with Mr. and Mrs. A. E. Kett.

Mr. and Mrs. A. Plater accompanied by Miss Muriel Sheen motored to Hughenden this week.

Word has been received by Mr. and Mrs. R. Hughes of the graduation with honors of their daughters, Arley and Phyllis from the Prince Edward county hospital at Picton, Ont.

Sympathies are extended to Mr. Tom Hill of Vancouver on the death in action overseas of his son Allen.

Mrs. S. Fossan and daughter Peggy arrived from Cadogan to join Mr. Fossan the National Grain agent at this point.

Mrs. J. Rabby left for Edmonton to secure medical treatment.

L/S Marvin Jackson left to resume his naval duties after spending a furlough with his parents Mr. and Mrs. W. Jackson.

Miss Barbara Stenson of Heath was a week end guest of Miss Yvonne Peterson.

Mr. and Mrs. M. Allett and family are moving to the Joe Birtles farm.

A large number of district residents attended the T.B. clinic at Wainwright.

Mr. W. Daniels was an Edmonton visitor last week.

WHITE CLOUD

School started last Monday with one new beginner, Janice Beasley and three from outside the district, Ada and Audrey Gardiner also Jacky Hoblocke.

Master Clayton Tondy is attending the Separate school again this year.

A number of country boys and girls were seen busily hurrying around getting settled for the school term in town.

SAVE YOUR SCRAP RUBBER

RATION BOOK No. 5: Please get the "K" sheets properly completed before applying for the new books. Date of distribution at this point will be as advertised.

HEATH

Mr. and Mrs. Hughes and family motored to Provost to spend Thanksgiving with their relatives there.

Harvest thanksgiving service was held at the St. Patrick's church on Sunday. The church was beautifully decorated with flowers, fruit, vegetables and grain.

Miss Gladys Zajic is residing in Heath this year and has her own teachersage there.

Leo Messier is the owner of a new three-ton truck which he is using for hauling grain.

Mrs. Clinton Davis and Miss Dorothy Spornitz have returned to Edmonton after a holiday spent with parents here.

Miss Jean Brunner of Wetaakwin is a guest at the home of her sister, Mrs. Arthur Patterson.

Mrs. Jack Chynoweth of Wainwright is spending a few days with Mrs. Fred Ford.

Mr. and Mrs. R. Jones have as their guest their daughter Mrs. Herman of Bashaw.

THE TINY MATCH

I'm just a little tiny match
 That people carry 'round,
 To light their cigarette or pipe
 Then throw me on the ground.
 My head is hit so very hard
 Against the old stone wall,
 And then I'm tossed with careless hand
 No thought of where I fall.
 Some scratch my head with finger nail

And think it quite a lark,
 Then flip me in the sidewalk well
 Where it is dry and dark.
 At times I've had to stay there long
 'Til my head rung like a bell,
 And then to pass the hours away
 I flared and burned like "Hell".
 I'm blamed for all the damage done
 When I my temper lost,
 And not the guy that struck my head
 Or was careless where he tossed.
 If my true value were appraised
 By people whom I serve,
 They'd find me such a useful tyke
 Who from purpose does not swerve.
 So if you wish me to behave,
 I warn you here and now,
 To use me in a thoughtful way
 And I'll not start a row.
 I'm just a little tiny match
 That people carry 'round,
 To serve them in a thousand ways,
 So long as judgement's sound.

Farmers Too WAR-BUSY To Call At The Bank

Many Canadian farmers, too busily occupied on war food production to call personally at the Bank, are doing their banking by mail. They save time, as well as tires and gasoline.

Write for our folder, "How to Bank by Mail" and see how convenient and time-saving it may be for you to use the mail box for your banking — both chequing and savings accounts.

A WEEKLY EDITOR LOOKS AT Ottawa

Written specially for the weekly newspaper of Canada

Most people are interested in banks only as a place to deposit money or cash cheques, but in the aggregate of deposits is reflected the well-being of Canadian citizens as a whole. In this connection it is notable that last July saw an all-time high when notices deposited at our chartered banks amounted to \$2,264,527,000. At the end of that month demand and notice deposits combined reached \$4,083,466,000 an increase of \$781.5 millions over last year.

In all communities of the Dominion patriotic men and women are now organizing to help put over the Seventh Victory Loan, opening October 23, as announced by Finance Minister Bailey. The people are being asked to subscribe \$1,500,000,000,000 by \$100,000,000 greater than any previous loan and things look rosy in the war now, but it is not over yet. War is eating up more money right now than ever before. Our total requirements (war and ordinary) will probably reach \$6,500,000,000 for the year, just think of that. Our spending nationally will be more than \$500,000,000 a month, more than \$100,000,000 a week and more than 15,000,000 a day. Our individual savings must be thrown into the balance which brings our boys and girls home sooner. After all, we're only lending—not giving.

The month of August saw National Selective Service Civilian Regulations breaches bring prosecution to 174 persons, with 364 cases still pending—20 being charges against employers, 197 against employees, and 147 being conscientious objectors. That month 27 more charges were laid than the previous month; 25 out of 53 C.O.'s being convicted, charged with failure to follow a direction to report to an alternative service work camp. Seventy-one employers were convicted on charges including quitting "designated" employment with Selective Service permission or failing to take high priority work as referred.

Now is the time of year when many rural homes expect the annual visit of the village dressmaker. As a rule they cut down and make over for the children, sometimes cutting into new materials. The Consumers branch, in our weekly item from them, points out in such cases, they

come under regulations which govern any manufacturer of children's, women's and misses' clothes. When mother has the visiting seamstress make her a winter wool or soft rayon afternoon frock from brand new cloth, any style is good as long as the skirt does not measure more than 72 inches around the bottom in the wool frock and 78 in the rayon frock. And, of course, there won't be any long dresses made since they aren't permitted except as wedding gowns and then only in white or ivory. Regulations on the use of excess materials have been retained to help meet the still heavy demands of the armed forces for rayon and cotton fabrics.

Another reduced rate is announced on overseas mail now, with Airgraphs—"the letters on film that travel by air"—may be sent for just 5 cents to civilians in which the air-graph service operates as well as to members of the Armed Forces. It is interesting to know these letters are flown to Toronto, photographed on reels of microfilm—1,500 messages being contained on a 3 1/2 ounce reel of film—over 6,800 messages to the pound. Enlarged prints are made overseas after being flown across the briny. If a reel is lost, a duplicate can always be made and despatched.

Don't worry. The postal department advises that letters from Canadian prisoners of war in Germany, or in the reverse, may cease to arrive altogether for a time because of cut in German mail connection due to the speedy Allied drive. As soon as certain regions are cleared it will be possible for allied authorities to collect P. O. W. mail from Swiss postal people and fly it from there to country of destination. At the moment mail from Canadian prisoners is still arriving but it is mail which reached Lisbon before disruption of German connection with Portugal.

The Agricultural Food Board asks people please to avoid over purchase of milk or any possible waste. Hot weather in Eastern Canada caused a falling off in milk production and an increase in fluid milk consumption and the difficulty is foreseen of meeting 125,000,000 pounds of cheese to Britain by March 31, 1945. It is our duty to help maintain the cheese ration for the British people and the Canadian fighting forces. You are not asked to use milk below required essential value, just don't waste it.

At Cedar Rapids, Iowa, the Department of Agriculture reports that success attended the innovation of square quart and half pint milk bottles, which increases cold storage space as well as truck loads. Grocers and retailers found they could put 36 square quarts on a frig. shelf that held only 25 round bottles.

Don't let them down. Mail your Christmas parcels overseas to the fighting forces at once, because soon closing dates will be past.

The recent announcement, that meat rationing is not likely to occur again unless unseen circumstances crop up, is substantial by figures

showing that while a total of all meat stocks dropped nearly 20 million pounds during August, they were still 4.7 million pounds greater than last year's holdings. The decline from August 1 was mainly in pork. Beef holdings increased almost a million pounds. On September 1, 1943 stocks of beef amounted to 15,324,434 pound.

The steel production of Canada has doubled since the outbreak of war, to a present total of three million tons. Canadian Churches and The War, a monthly bulletin of Wartime Information dealing with the incidence of venereal disease in the August issue takes the stand that the S&I cure is a matter of moral education, quoting this editorial comment from the United Churchman: "The ultimate cure for our shameful record of degenerative diseases, eating like cancer into our national life, lies not in hygienic and economic measures, although these are indispensable, but in the individual and community ideals we choose to live by. No decent civilization is possible without at least some return to Christian ideals of human intercourse and to the moral law. The Ten Commandments are still the basis of a morally decent civilization."

While contributions to the Unemployment Insurance Fund paid in by employers, employees and government totalled \$216,171,931 on July 31, the interest received on investments has been great enough to take care of the total benefit payments under the Act so far.

The Department of National Revenue took in last month from its three departments, customs, excise and income tax, \$205,051,736, over an increase of nearly \$3 1/2 million the same month last year.

Canada's breeding stock is destined to play a great part in rebuilding devastated Europe's livestock and horses for farm power. It is estimated horses of Britain, Belgium and Holland have been reduced by half. In Russia by one-third and that only a third remain of the original horses in Poland, Czechoslovakia, Yugoslavia and Greece. Germany by her plundering is believed to have even more than before the war.

HEALTH

James McLennan, former Manitoba minister of health and public welfare, is of the opinion that the battle against venereal disease in Canada must be fought on four fronts—moral, education, public health and law enforcement.

In an article in the magazine HEALTH, published by the Health League of Canada, Mr. McLennan said that every threat to the moral well-being of Canadians must be met by materials and practices which will build a citizenry of sound moral health.

"Education must extend its borders and its influence in order to assist the attainment of this objective," he wrote. "Public health authorities must be on the alert, realizing that eternal vigilance is the price of victory over syphilis and gonorrhoea."

Legislation must be adequate and its enforcement judicious."

Mr. McLennan told of a one week's anti-venereal-disease campaign which, because of intense publicity, gained momentum and is still attracting public interest. Thousands of Manitoba's citizens have been made aware of the dangers of their share of responsibility in the control of venereal diseases.

He said the Manitoba department of Health and Public Welfare has proved the usefulness of publicity.

"No one denies the power of this weapon to reach through to the consciousness and mould the thinking of our people." He said the province-wide publicity campaign was under the sponsorship of the Young Men's Section of the Winnipeg Board of Trade.

WITH THE AIRMEN

Bill Herbert, former chief announcer at the Vancouver studios of the CBC, is with the corporation's overseas unit, covering the invasion for listeners at home. Now CBC war correspondent attached to the Allied Expeditionary Airforce, the Western front is his theatre of operation, and his reports concern the part that flying men are playing in the liberation of Europe.

A QUICK DRINK UNDER FIRE

While his comrade keeps an "eagle" eye on the enemy, this soldier grabs a quick drink under fire in the blasted town of Bourguibus in France. Canadians captured the town. Later British troops moved in and Engineers began clearing the rubble caused by gun fire from both sides. (Canadian Army Overseas Photo).

Saving is Serving

NO BUTTER NEEDED

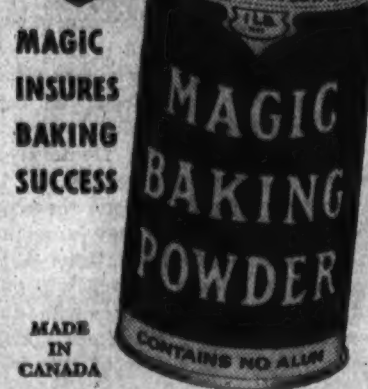

INSIDE OR OUTSIDE

MAGIC CHEESE BISCUITS

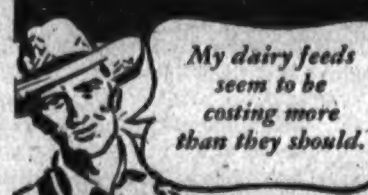

1 1/2 cups flour 1 tbsp. shortening
1/2 cup milk 6 tbsp. grated cheese
1/4 tsp. salt 2 eggs
2 tsp. Magic Baking Powder
(When half-baked, place square of cheese on top of biscuits for extra flavor.)

Mix dry ingredients together; cut in shortening. Mix in cheese lightly; add milk slowly. Roll out on floured board to 1/4-inch thick; cut with small biscuit cutter. Bake in hot oven (475°F.) 12 to 15 minutes. Makes 12.

Train Orders by Radio

TAKING a hint from the practice of tank units of the Allied armies at the front, the Canadian National Railways, in co-operation with the Canadian Marconi company, is conducting a series of tests of radio communication between signal towers and trains in operation. The idea is to eliminate written train orders and signals, speed up train movements and effect greater operating economy and efficiency.

Two Canadian National locomotives, a Diesel and an electric, operating in the electrified area of the Montreal Terminals, have been equipped with transmitting and receiving equipment and for several weeks their engineers will proceed in and out of the busy terminal on instructions received by radio.

The photographs show equipment in use on one of the trains and workmen putting the antennas in position on top of the C.N.R. lift bridge which crosses the Lachine Canal. The tip of the antenna is 175 feet above the ground. Fifty-watt

transmitters are being used for the tests. They operate on ultra short wave, frequency modulation, giving freedom from static and other interference, and have a range of 20 miles. This first introduction of radio into Canadian railroading recalls the fact that more than 20 years ago, the National System was the first railroad in America to provide radio for its passengers and owned and operated a coast-to-coast broadcasting chain.

PREPARE FOR NEXT YEAR

Preparation for next year's crop should include a Seed Test. Have a germination test made on your seed—NOW!

Our Agricultural Department make such tests free of charge.

If you have an agricultural or marketing problem consult our agent who will refer it to us for consideration and advice.

LIFE INSURANCE

Into One Pocket—Sure!
but OUT of the other

Each of us is both consumer and producer.

As a producer each of us would like to get MORE money for our goods or services.

As a consumer each of us wants the costs of living kept down.

But we can't have it both ways.

As long as goods are scarce and money plentiful, prices have to be controlled or they'd jump sky high.

If prices are to be kept down, then costs of production including salaries, wages and raw materials must also be controlled.

One Person Can Start It!

When any one of us—

- offers to pay more than legal prices;
- asks higher returns for his services;
- asks higher prices for his goods.

He helps start a chain that forces every one else to do the same and nobody is better off.

THIS IS ONE OF A SERIES ISSUED BY THE GOVERNMENT OF CANADA TO EMPHASIZE THE IMPORTANCE OF PREVENTING FURTHER RISE IN THE COST OF LIVING NOW, AND DEFLATION LATER.

Farm Notes

SOIL PREPARATION FOR NEXT YEAR'S ROOT SEED CROP

Experienced seed growers recognize the absolute necessity of planting mangel and swede roots as early in the spring as possible. No amount of fertilization or care after planting will mean as much to the seed crop as will the cool moist conditions the roots will have if they are planted as soon as the land is fit in the spring, states R. M. MacVicar, Division of Forage Plants, Central Experimental Farm, Ottawa. In order to have the soil in good condition for early spring planting, fall preparation is almost a necessity.

Sod ground, preferably alfalfa or clover should be well manured and ploughed in the fall. The ground should then be thoroughly worked so

that the manure will be well incorporated, and the sod well broken up. In other words, the soil should be almost ready for planting by freeze-up time. If there is a possibility that application of fertilizer in the spring will delay planting appreciably, then it should be applied before the final working of the ground in the fall.

Attention should be paid to drainage before freeze-up. Furrows should be opened in such a manner that excess water will run off readily and rapidly in the spring.

THINNING CLOSELY PLANTED SHELTERBELTS

It should be realized that closely-planted shelterbelts a good deal of thinning takes place naturally, states John Walker Superintendent, Forest Nursery Station, Indian Head, Sask. This natural thinning may take the

form of (1) branches broken or damaged by wind, hail, snow, cold or general weakness, (2) failure of a particular kind of tree to hold its own against its neighbors, and (3) natural weakness of certain individual trees and their inability to keep pace with the remainder as seasons go by.

The first type of natural pruning is more or less beyond the control of the tree planter, and under prairie conditions must be expected occasionally from one cause or another. The chief concern of the tree planter is to repair such damage as fast he can, without undue delay for the future welfare of his trees.

As to the suitability of various trees for planting in shelterbelts the most favorable associations to give the most efficient protection are being studied and adopted by the Indian Head Forest Nursery Station. For instance, it is no longer recommended to mix broadleaf and evergreen trees; short-lived, quick-growing poplars are distributed in limited numbers; growth of maple may with advantage be systematically restricted by frequent pruning to prevent undue suppression of other kinds and ash, which is rather intolerant of shade, is usually planted in the inside row or rows of a shelterbelt rather than in centre rows.

The third type of natural pruning, namely, the suppression of naturally weak trees, which may appear in any population, operates throughout each season. As time passes the difference between vigorous and weak trees becomes more pronounced, until the latter make little growth and in many cases die.

Because of this latter condition chiefly, and because it is not possible to pick out when young trees which are likely to be the best trees, thinning of closely-planted shelterbelts should not be practised too hastily.

When thinning is done there should be no question about the remaining trees continuing to make vigorous growth. Certainly little pruning will be needed during the first five years after planting a shelterbelt, except perhaps some heading back of maple. Even after cultivation or hoeing cannot be continued among the trees (when branches intermingle), it is not wise to prune or thin out the trees because they provide mutual protection, and close planting permits the building up of a natural mulch of leaves and branches etc.

Thinning should be done cautiously for two other main reasons, namely (1) to avoid exposure and drying out of the forest floor and (2) too early

thinning may stimulate strongly competitive weed and sprout growth.

In the matter of increased feeding area for individual trees through thinning, it should be remembered that by doubling the space between trees on all sides the feeding area for the individual trees will be increased four times. Growth of remaining trees after thinning has been practised should in most cases be stimulated.

World of Wheat

H. G. L. Strange,
Director, Research Department,
Searle Grain Company, Ltd.

FOOD RELIEF FOR EUROPE

The United Nations Relief and Rehabilitation Administration—an organization set up to take relief to the people of Europe—are now starting work. The greatest immediate need for food is in Greece, Italy and Yugoslavia. One expert stated that "The infant mortality in Rome is 50 percent, and every tenth man or woman now walking on the streets of Rome will be a corpse before the end of the year."

The delegates from Ethiopia and France, countries which had suffered the most from Italian aggression, gave their approval of generous relief for the people of Rome and Italy.

The Food Research Institute of California tells us that in general the agricultural situation in Europe is

far better than most people suppose.

The main trouble, says this authority, is not so much the depletion of livestock herds, as it is that animals have been poorly fed and that, therefore, production from these animals has been low. Fats and dried milk will apparently be the chief need in most parts of Europe, but in certain large areas relief wheat and flour, it is expected, will be required for some time.

How fortunate it is that Canada and the United States have available surpluses of agricultural products which can be sent to all these suffering European people.

ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

Bolivia's 1944 rice crop has been considerably reduced by unfavourable weather conditions—Sweden's bread grain crop now being harvested, is expected to be somewhat above the 1943 crop, though still below average—Argentina flaxseed acreage may be smaller than that of last year, as a result of extremely dry weather.

It is reported that the weather conditions have been favourable for Russian bread grain crops in nearly all the important areas—Chilean rice exports during the first half of 1944 were well above those of the same period in 1943—Rain at the end of August improved Australian wheat prospects in some States.

Help Win the War—Buy War Savings Certificates

News of Your Army

OTTAWA—"Bakers in war," says Lt.-Col. Ralph Webb, Assistant Quartermaster General, Messing and Catering, "are very important people. Soldiers must have bread—even up in the forward battle areas."

Because of this, the demand for skilled bakers has paralleled the growth of the Canadian Army. Daily, all over Canada, Army examiners are on the alert for suitable recruits to bolster the ranks of the Army bread bakers, or to find men with the requisite peacetime experience who are willing to be transferred from the unit they are in to the R.C.A.B.C.

This is not as easy as it used to be. Consequently more and more bakers must be trained in the Army from scratch. Soldiers with the necessary initiative and an expressed willingness to dig in and learn the trade from the ground up are selected by district Army examiners.

After completing their basic training, these neophyte bakers are sent to the various Army Bakery Sections for a specialized trade course. Here, after a period of advanced training, they are tested and if successful graduated as Bakers 2nd Class. Later, as a result of additional training and experience, and further trade tests, they may become Bakers 1st Class and eventually pass on to the ranks of the Master Bakers.

The preliminary training of an Army baker requires about three months. During that time the Royal

Army Service Corps' excellent training booklet on Breadstuffs becomes his bible. He is required to study, and remember, a forbidding amount of factual information contained under no less than 44 chapter headings.

During this period everything is covered in detail, from the basic characteristics of wheat to the inner mysteries of the six most important types of bake ovens. These range from the big oil, coal or wood burning masterpieces to the primitive, mud-and-stone Aldershot oven so familiar to the veterans of the Great War.

"Because of the inevitable casualties in equipment, as well as personnel," explains Colonel Webb, "all our bakers must be trained to produce bread under whatever circumstances they encounter—if necessary in make shift ovens built by themselves out of the general litter of the battlefield. Even in a mechanical war there are times when modern baking methods, because of bombs and shells, must be replaced by ancient trade tricks in use long before machinery was ever heard of."

Thanks to such thorough Army training, Canada's "Bakers in Battle dress" take second place to none in the man-sized job of feeding the Canadian Army. Whether working in the spotless modern Field Bakery Sections or struggling in the wind, rain and mud to set up an emergency Aldershot oven of broken bricks, mud and flattened gasoline cans, Canada's Army bakers know all the answers.

**You hold the mortgage
You collect the interest**

A Victory Bond is a mortgage on Canada... all of this country's resources guarantee payment of principal and interest. And money you lend to Canada, when you buy Victory Bonds, is the safest investment you can make.

You can borrow on Victory Bonds for seasonal farm requirements or any bank will pay cash for your bonds should you need cash at any time.

Money is a vital war weapon. Canada needs every dollar that every Canadian can save and lend... more than ever before. As the war increases in intensity, Canada's need for money increases, too. Our country's all-over borrowing needs are increased by over three hundred and twenty million dollars at this time. We must each be ready to lend again, and to lend more.

Thousands of small grains make a bushel of wheat. So with the money that Canada must borrow, from Canadians, to pay for the war: small sums loaned by individuals mount up to billions.

Lend all you can... money you have saved and money you can save... but do not think that small loans are unimportant. Put your savings into mortgages on Canada—marketable mortgages. You will be doing a worthwhile war job... and you will get your money back... with interest.

VICTORY BONDS

Get ready to Buy

BUY ONE MORE THAN BEFORE

NATIONAL WAR FINANCE COMMITTEE

Victory Bonds will provide cash for farm improvements you plan to make when the war ends... new buildings... new machinery... better stock... cash to pay on a new car or a new home.

NEWS & VIEWS OF TOWN AND DISTRICT

***Notice to farmers: The Co-Op Market service recommends that all fat cattle that are ready should be marketed now and gradually each week to ease the situation at the plants this fall; better values will be realized than when the capacity of plants will again be taxed. The Co-Op will ship hogs Thursday, as well as Friday each week. Phone 903 for cattle and sheep loading dates.

***Dr. Ross's Dental Office will be closed from October 15th to Nov. 2nd while he is attending the annual fall Dental Clinic to be held October 25, 26 and 27 at the Mount Royal Hotel, Montreal.

BORN—To Mr. and Mrs. P. Wilhelm, of Heath, at the Wainwright municipal hospital on October 7th, a boy

Thanksgiving services marked the gatherings at all the local churches on Sunday last, with music to suit the occasion.

Miss Evanson, of the hospital nursing staff has now returned from her annual vacation.

Remember that to vote is a Democratic privilege. Don't fail to register before October 31st next for the Town elections in February next.

Messrs. J. Primrose and J. A. Richards, of Calgary, inspectors for the Bank of Montreal, are here giving the books and accounts the usual check-up.

Mrs. W. E. Washburn was a visitor to the city over the past week end.

With the weather now on the mend, harvesting operations are being rushed to completion throughout the district.

Miss J. Renville was in town from Edmonton to spend the holiday with her parents.

Mr. and Mrs. Percy Haywood entertained their daughter and son-in-law, Mr. and Mrs. D. Fitzgerald, for the Thanksgiving holiday.

Lt. Tom Cardell, R.C.N.V.R., left on Saturday night last to return to his duties in the East after a leave spent with his parents in town.

If your name is not on the Town Voters' List, and you are eligible, now is the time to see Mr. Don Pawsey, town secretary, and have your name put on—otherwise you will be out of luck in case of a Town election next February!

Last week end saw another large exodus of men and vehicles from the Wainwright camp bound for other training centers.

From all reports the large number of sportsmen out on Thanksgiving Day obtained good results from their shooting and fishing.

Showing At The Elite

Thurs., Fri., Saturday October 12-13-14
"STAGE DOOR CANTEN"

Edgar Bergen, Charlie McCarthy, Jack Benny, Merle Oberon, Mary Pickford, Marlene Dietrich, Loretta Young, Paul Muni, mentioning only a few of the great stars in this outstanding cast, including such name bands as Benny Goodman and Guy Lombardo.

Monday - Tuesday October 16-17

"THE CROSS OF LORRAINE"

Eighty six minutes of superb entertainment, starring Pierre Aumont and Gene Kelly.
ADDED: SELECT SHORT SUBJECTS

Wednesday - Thursday October 18-19

"THE GHOST CATCHERS"

with Olsen and Johnson, Martha O'Driscoll, Gloria Jean.
A thrilling comedy in which Olsen and Johnson come to the rescue of two lovely night club entertainers who rent a haunted house. Cleverly interwoven is a stirring love story a singing stars debut in Carnegie hall and a clever band of crooks.
